

Uniting Skill and Opportunity

- MCE provides structured training and employment to thousands of offenders across the State, instilling transferable job skills and a positive work ethic.
- MCE provides working conditions that mirror the private sector as closely as possible, to train our workforce.
- MCE works to assist men and women to gain employment upon release and overcome the numerous obstacles faced as they transition back into society.

These factors combined translate into lower recidivism rates; which ultimately contribute to more productive citizens and safer communities.

From start to finish...

Springfield Hospital Center has been dealing with the MCE Laundry Plant since January 2008. The laundry is done in a timely manner. Everything comes back clean, no issues at all. The staff is very helpful when any problems arise. I would recommend the MCE Laundry Plant for your laundry needs.
